

DGL
practice manager 

**WHAT OUR CUSTOMERS
SAY ABOUT US**

"The development of the Growth Chart Module is without a doubt a real advantage to our Practice and for all Paediatric Consultants wishing to have a **completely paperless practice**... an outstanding development in this already **exceptional practice management software** package!"

**Dr. Ian Hay, Consultant Paediatrician,
The Portland Hospital, London, UK**

Spire Little Aston Hospital

"Feedback from secretaries is always excellent. They find it really **easy-to-use** so new medsec's pick it up really quickly and therefore training is minimal. **The system is also all encompassing** as it focuses on the accounts side of the business as well as the patient management, which is invaluable."

**Claire Cunningham Business Development
Manager, Spire Leicester, Hospital Leicester, UK**

"We have been using DGL Practice Manager for 3 years and **the service and level of attention we received and continue to receive is second to none**. One of the features we love is how easy it is to use and it's great to know **there's always someone at the end of the phone** to offer support."

Clare Donoghue, Office Manager, Spire Tunbridge Wells Hospital, Kent, UK

"The team at DGL are very easy and transparent to work with. They are very willing to take on any new ideas or suggestions for integrations to the system to further enhance and improve user experience. We look forward to continuing to work with the team to continue to grow!"

Jenny Ayling, Consultant Services Officer at Galen Health Partners, HCA subsidiary

Spire Little Aston Hospital

"We tend to promote DGL where we can as it's easy to use and **pretty much hassle free!**"

Dr. Amir Khan, Spire Little Aston Hospital, Birmingham, UK

"My previous system simply wasn't fast enough and we wanted a proper database so we switched to DGL Practice Manager. I couldn't believe smooth the transition was – the general communication was excellent. **The system is very intuitive and easy to use, I'd absolutely recommend it.**"

Ann Tuite, Audico, The Hermitage Clinic, Dublin, Ireland

"Having a central location for all our patient records and associated paperwork makes our jobs 100 times easier. The flexibility within the reporting section within DGL Practice Manager is also fantastic, if a report isn't already in the system - it can be built, no problem."

Vicki Spence, Office Manager, Bradford Anaesthetic Services, West Yorkshire, UK

"Everyone at DGL is polite, efficient and incredibly reliable which is essential for the work which we do. **I can 100 % recommend DGL Practice Manager to anyone wishing to set up a private practice** and I have never been let down or disappointed in them."

Liz Edwards LLB, Consultant Private Practice Manager, Nuffield Hospital, Cambridge
